

The Oxford Pathology Series

These courses combine updates on recent developments with a diagnostic approach to selected topics in Gynaecological and Head and Neck pathology. Besides talks by experienced pathologists, there will be an opportunity to discuss practical problems during slide seminars and in interactive sessions. The meeting content has been planned to address practical issues in head and neck and gynaecological pathology and would benefit both practicing and senior trainee pathologists with an interest in these fields.

Digital images of slides used for slide seminars will be available for online review prior to the meeting. The entire proceedings will be available to each registrant on a memory stick.

Held in an attractive venue, Wadham College, this meeting will run over a weekend to minimise disruption to clinical work and study leave utilisation. It carries the Royal College of Pathologists CPD accreditation for 15 hours and as delegate numbers are limited (30 for Gynaecological pathology and 50 for Head and Neck Pathology), early registration is recommended.

For further information on the programme, fees and accommodation, please contact: Professor Runjan Chetty: runjan.chetty@ndcls.ox.ac.uk

Dates:	September 21-23, 2012
Venue:	Wadham College, Oxford, United Kingdom
Costs:	
Course cost	£420 (inclusive of lunches, teas, reception and banquet dinner)
Accommodation at Wadham College (per night):	
B&B Twin En Suite	£97 + VAT
Standard Twin	£84 + VAT
Standard Single	£56 + VAT

Oxford Biomedical Research Centre

**GYNAECOLOGICAL PATHOLOGY COURSE:
FRIDAY, 21 SEPTEMBER 2012**

2.00 – 3.00 pm	Registration
3.00 – 3.05 pm	Welcome
3.05 – 4.30 pm	Borderline Mucinous Ovarian Tumours (Dr Brigitte Ronnett, Johns Hopkins, USA)
4.30 – 4.50 pm	Refreshments
4.50 – 6.30 pm	Slide seminar: Borderline Mucinous Ovarian Tumours (Dr Brigitte Ronnett, USA)
7.00 pm	Wine Reception at Wadham College

SATURDAY, 22 SEPTEMBER 2012

8.30 – 9.30 am	Ovarian Germ cell tumours (Dr Sanjiv Manek)
9.30 – 9.45 am	Refreshments
9.45 – 10.45 am	Slide seminar: Ovarian Germ cell tumours (Dr Sanjiv Manek)
10:45 – 11:45am	Ovarian Sex cord stromal tumours (Dr Sunanda Dhar)
11.45 am – 12.45 pm	Slide seminar: Ovarian Sex cord stromal tumours (Dr Sunanda Dhar)
12.45 – 1.45 pm	Lunch
1.45 – 3.00 pm	Lecture: Immunohistochemistry in Ovarian Tumours (Prof. Glenn McCluggage, Belfast)
3.00 – 3.30 pm	Refreshments
3.30 – 4.45 pm	Slide seminar: Immunohistochemistry in Ovarian Tumours I (Prof. McCluggage)
4.45 – 5.00 pm	Refreshments
5.00 – 6.00 pm	Slide seminar: Immunohistochemistry in Ovarian Tumours II (Prof. McCluggage)
7.30 pm	Reception and dinner at Wadham College

Oxford Biomedical Research Centre

SUNDAY, 23 SEPTEMBER 2012

8.30 – 9.45 am	Borderline Serous Ovarian Tumours (Dr Brigitte Ronnett, USA)
9.45 – 10.00 am	Refreshments
10.00 – 11.40 am	Slide seminar: Borderline Serous Ovarian Tumours (Dr Brigitte Ronnett, USA)
11.45 am – 12.45 pm	Differential Diagnoses in Poorly Differentiated Ovarian Tumours (Dr Colin Cleland)
12.45 pm	Closing remarks

HEAD AND NECK PATHOLOGY COURSE FRIDAY, 21 SEPTEMBER 2012

2.00 – 3.00 pm	Registration
3.00 – 3.05 pm	Welcome
3.05 – 4.30 pm	Approach to diagnosis of odontogenic lesions (Prof Paul Speight, Sheffield)
4.30 – 5.00 pm	Refreshments
5.00 – 6.30 pm	Practical approach to sinonasal pathology (Dr Ketan A Shah, Oxford)
7.00 pm	Wine Reception at Wadham College

SATURDAY, 22 SEPTEMBER 2012

8.30 – 10.00 am	Approach to fibro-osseous lesions of the oral cavity (Prof Edward Odell, London)
10.00 – 10.30 am	Refreshments
10.30 – 11.30 am	HPV related head and neck carcinoma (Dr Selvam Thavaraj, London)
11.30 am – 1.00 pm	Problems and pitfalls in head and neck cytology (Dr Ketan A Shah, Oxford)
1.00 – 2.00 pm	Lunch
2.00 – 3.00 pm	Soft tissue lesions of the head and neck (Dr Bayardo Perez-Ordenez, Toronto, Canada)

Oxford Biomedical Research Centre

3-00 – 4.00 pm	Slide seminar: Soft tissue lesions of the head and neck (Dr Perez-Ordenez, Toronto, Canada)
4.00 – 4.30 pm	Refreshments
4.30 – 5.30 pm	Slide seminar: Soft tissue lesions of the head and neck (cont'd)
5.30 – 6.30 pm	Quiz cases review (Dr Ketan A. Shah, Oxford)
7.30 pm	Reception and dinner at Wadham College

SUNDAY, 23 SEPTEMBER 2012

8.30 – 9.30 am	Approach to lymphoid salivary gland lesions (Prof Kevin Gatter, Oxford)
9.30 – 10.30 am	Head and neck cancer dataset (Dr Tim Heliwell, Liverpool)
10.30 – 11.00 am	Refreshments
11.00 am – 1.00 pm	Slide seminar: New entities in salivary gland pathology (Dr Roderick Simpson, Exeter)
1.00 pm	Closing remarks

Oxford Biomedical Research Centre
